

## SABA CSP High Power Bulb

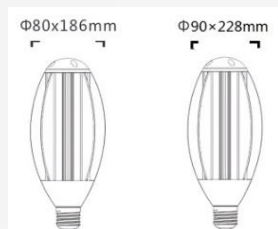

The high Power bulb replaces Metal Halide Lamp, Mercury Lamp, High Power Corn Light, Sodium Lamp directly without using any modification.

**Product Feature:**

360 degree all round light. Great resistance to shock and vibrations. Optical-grade glass, superior thermal management

**Application:**

Street light, Garden light, Flood light, Mining light, Tennis Court light, Stadium light, Factory and Warehouse light

### Equivalence Ration Optical Efficiency Ratio

**SABA-CSP80, 80W = Mercury Lamp, Metal Halide Lamp, Sodium Lamp 150-800W**

Model	Power	Voltage	Flux	Efficiency	CCT	Ra	PF	Lifetime
SABA-CSP60	60W	120-277VAC 85-315 VAC	6600LM	110 lm/W	4500K, 6500K	85	0.95	30,000/50,000
SABA-CSP80	80W	120-277VAC 85-315 VAC	8800LM	110 lm/W	4500k, 6500K	85	0.95	30,000/50,000
